Axia showed a new console called the Fusion and a Livewire routing control panel, the xSelector. Omnia showed a major upgrade to the Omnia 9 and a couple new processors; the Omnia 7 and the Voco 8 mic unit that's based on the Sound4 HQ192 engine.

Our usual times apply...gather at 7pm with our business meeting to run at 7:30 and the program to follow.

CHAIRMAN'S CHAT

Welcome all SBE 70 members and friends to the "it's smelling like spring" 70 minutes. First up a big thanks goes out to Allan Fenner, Daniel

Tonelli, and the entire staff at Kent State University Teleproductions for hosting our last meeting. They found something new for our usual pizza & pop with added Mediterranean Pita bites. YUM! Our program presenter had some trucking issues coming out of Columbus (FYI diesel engines don't like gas). We still had a good meeting though with everyone pitching in ideas for programs & locations for the coming year, as evidenced by staying there until 9:30

SBE CHAPTER 70 - CLEVELAND/AKRON

(Chairman's Chat - continued from page 1)

The SBE National turned 50 and celebrated that anniversary at the NAB this year. I hope that those of you who made the event can give us a nice recap of that and your thoughts on the convention in general. We still don't know what the results of the Re-branding Committee that our own Ed Miller was on are, but we should hear soon. They had their Board meeting at NAB so it may take a bit.
