## MEETING DETAILS

The June 9<sup>th</sup> SBE meeting will take place in Fire Station #5 in Cuyahoga Falls Ohio at 3497 Wyoga Lake Rd. 44221. Please use the north / side driveway for parking at the station. Do not park in front of the main doors! Also be aware that Google maps shows an empty field at the address listed until you use the street view, then it shows up just fine.

*Here is what you are looking for. This is Cuyahoga Falls Fire Station #5.  
Park on the left side of the building.*

This will be an informational meeting on the new EAS/CAP requirements and will include a tour of the station. I am still trying to get someone from the Ohio Emergency Management Agency to come in and help us understand what will be needed at the participating radio & TV facilities. We will have the Power Point presentation from the NAB show EAS meeting that may help shed some light on what we will need to do. Times are as usual gather at 7:00pm or so with the meeting at 7:30pm.

Thanks to Ken Starcher for making this meeting possible.

## Former Chapter 70 member Scherer and Heimerl elected SBE Fellows

Two members of SBE were recently elected to the membership grade of Fellow by the SBE Board of Directors. At their April 19 meeting in Las Vegas, the Board acted on the nominations of Christopher H. Scherer, CPBE, CBNT and John J. Heimerl, CPBE for SBE Fellows. Fellow membership is the highest recognition bestowed by the SBE to one of its members and recognizes conspicuous service and contributions to the Society and the broadcast engineering industry.

Christopher H. Scherer, CPBE, CBNT, is the editor of Radio magazine. Scherer serves on the SBE Board of Directors as Immediate Past President. He served as SBE president from 2005 to 2007. He is also a past chairman of the SBE national Certification Committee and a past chairman of Chapter 59 in Kansas City.

John J. Heimerl, CPBE is the Chief Enterprise Officer of the Hampton Roads Education Telecommunications Association, Inc. in Norfolk,

Va. Heimerl is a charter member of SBE Chapter 54 (Tidewater, Va.) and has served on its board numerous times including various officer positions and as a past chairman.

"Both of these men represent the finest qualities we have come to expect from SBE members and broadcast engineers. Their commitment to the Society demonstrates a desire to support and develop our profession," SBE President Barry Thomas, CPBE, CBNT said.
