

WSTB/Streetsboro High School 8585 State Route 14 Streetsboro OH 44241

Gather 7:00pm - Meeting 7:30pm

August 2017 Vol. XXV Number 6

August 8th Meeting Information

Our next meeting will be Tuesday, August 8 at WSTB. The studios are located at the new Streetsboro High School, 8585 State Route 14. (Enter through DOOR 5.) Our very own Bob Long and student member Liam Salvage will be our hosts and will give us a tour of the new facilities! The radio station moved along with the entire high school during this past Christmas/New Years break. Engineers Ben Claussen (WSTB) and Dan Kuznicki (WKSU) moved all three studios within the week without the station losing any on-air time. Ben, along with several WSTB staff members, will be on hand during the tour to answer questions about the move.

Remember, this is our Annual Picnic/Elections Meeting, so we will hold elections for the upcoming year's officers. Please consider what you can do for the chapter.

Gathering time is 7pm, with meeting at 7:30, followed by elections and the tour to follow. Dinner will include pulled pork BBQ, baked beans, pizza, and chips. Directions to WSTB are on page 2.

Hope to see you there!

SBE Chapter 70 Program Chairman

CHAIRMAN'S CHAT

by Blake Thompson

Hi all members and friends of SBE Chapter 70. First I want to thank John Hovanec & the crew at CBS Radio for being such good hosts last month. Really cool facility 'stuffed' into the Halle building. He also had a good program on how they stay on the air by having no single points of failure and ideas on how you can too.

Don't forget the award winning Ohio Broadcast & Multimedia Technology Conference is coming up quick on September 19th in Columbus. Registration is open now at - <http://oab.org/engineering/obec/> and you can see what the sessions are offered at <http://oab.org/2017-obmtc-schedule/> The SBE just named last years event as the Best Regional Convention or Conference!

On the national level we get to go through the ETRS system again since there is another national EAS test on September 27th. Get your online forms filled out and figure on having some issues using this version of the

CHAIRMAN'S CHAT (Continued from page 1)

reporting site... again. You'll also need to download the latest copy of the EAS Operating Handbook as it is required to be on-site... no cheating, ha. Other national awards were announced too with Steve Brown of Chapter 17 in Minnesota named Engineer of the Year and our friend Tony Peterle named Educator of the Year. The Compensation Survey has also been released so now you can see just how underpaid you are! More info for all this at the sbe.org site.

See you at WSTB!

Directions to WSTB / Streetsboro High School

WSTB is located at the new Streetsboro High School. For your GPS, the address is:
8585 State Route 14, Streetsboro 44241

There are many major intersections nearby WSTB. You can access Streetsboro via I-480 from the north, I-80/The Ohio Turnpike or SR303 from the west or east, or from SR43 and SR14 from the south.

The radio station is located on SR14, two miles southeast of the center of town. When you arrive at the high school, go straight ahead into the main parking lot near the stadium. Enter via DOOR 5.
