

SBE CHAPTER 70—CLEVELAND/AKRON

70 MINUTES

APRIL 2022 UPDATE

No April meeting do to NAB

Tidbits of Info from the Chairman

Hello all members and friends of SBE Chapter 70. We wanted to get a note out reminding everyone that there's no meeting this month due to the NAB, yay for a conference again though!

There's also been some confusion regarding the recent call sign changes in the area. For the record, the LP2 station in the Central & East Lakeshore region is still on 90.3 FM, now going by WCLV. No need to change any tuners, just note that the call letters have changed.

In national news, through May 16, 2022, the Society of Broadcast Engineers will conduct a survey to determine salary levels and benefits among broadcast and media technology engineers. The SBE conducted its first survey in 2016. This seventh survey continues to help us establish a baseline for subsequent surveys and build compensation trends. The complete results of the survey will be available at no charge to SBE members as a benefit of membership. A link to the survey is posted on the SBE website.

Thanks,

Blake E. Thompson CBNT
