Gather at 6:30pm   Meeting 7:00pm   Presentation to follow
Presentation: Broadcast Software Solutions from Summit Technology Group
Paul Stewart, President

June 14th Meeting Info

Our next meeting is June 14th, and while we are close to hosting an 'in person' meeting, as of this newsletter, we could not procure a location with certainty. There is a chance we may be able to procure a Meeting Room at the Hotel that our presenter is staying at while in town, but as of right now the meeting will be via Zoom. If something materializes, we will let you know.

The presentation this month will be by Paul Stewart, President of the Summit Technology Group based in Keego Harbor, Michigan. They provide Software Solutions for the Broadcast Industry, and Engineering services from routine maintenance to comprehensive design/build services. Their software solutions are designed specifically for broadcast workflows and built for reliability and simplicity for the user. In fact that will be the topic of the presentation, as Paul would like to discuss the latest technologies that they are working with as well as get some feedback from our group.

Meeting time is as usual for June 14: Gathering at 6:30pm, with our SBE Chapter 70 Meeting at 7pm and Paul's presentation to follow.
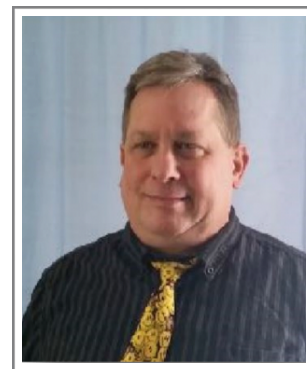

We will update you should this meeting become an in-person event, otherwise refer to the Zoom link.

See you Tuesday!

CHAIRMAN'S CHAT

Hello all members and friends of SBE Chapter 70. First I want to thank Kirk Harnack & Telos for the excellent program on AOIP troubleshooting. We got a lot of good tips and tricks and some other ideas about where to look when problems arise. I changed the Sync settings in my network because one piece of info on timing and master clocks made sense. We also had another good pre-meeting chat, my favorite part of most meetings.

In national news, nominations are open for candidates to run for the national SBE Board of Directors through July 1. Qualified members may run for a director seat or for an officer position. There are six director seats open this year. Nominations must be in writing and be endorsed by ten voting SBE members. Nominations are made to SBE Secretary Kevin Trueblood at ktrueblood@fgcu.edu. Nominees must be voting members in good standing (dues paid) and hold an SBE engineering-level certification. Anyone

whose nomination comes from the membership will be added to the ballot along with the slate of candidates submitted by the national Nominations Committee. For more information, see election information on the SBE website or contact Executive Director Jim Ragsdale.

   At the 2022 NAB Show, the Society of Broadcast Engineers unveiled an enhancement to the society's website that allows members to add some personal information to their membership listing. SBE members can add their Facebook, Twitter and LinkedIn social networking page links and a profile picture, which will be visible to other SBE members. Members can also enter and track information for their own recertification points, which are only visible to the individual
